SENATOR CAVANAUGH: Would that include dorms?

SENATOR LEWIS: Is that the purpose of the SUN program?

SENATOR CAVANAUGH: You tell me.

SENATOR LEWIS: I don't think that it is.

SENATOR CAVANAUGH: Do you intend that they use dorms?

SENATOR LEWIS: I intend that if they stay someplace for three days, that they sleep.

SENATOR CAVANAUGH: Stay somewhere three days for what?

SENATOR LEWIS: Well you see Senator Cavanaugh, I might explain to you that what they do at these attendance centers they bring people in for four or five days for the completion of the course. Now if they are there for five days they have to do certain things. One of which is sleep. Another is probably eat. Which is not the main reason that they are there.

SENATOR CAVANAUGH: So you are recommending that SUN acquire and use and furnish and maintain dorms and eating facilities.

SENATOR LEWIS: I'm saying that if that is incidental to it that would not be a bad idea.

SENATOR CAVANAUGH: And, is the legislature going to pay for that?

SENATOR LEWIS: That is a judgment that the legislature will have to make.

SENATOR CAVANAUGH: Has anyone ever proposed that?

SENATOR LEWIS: No.

SENATOR CAVANAUGH: But that is what they eventually want to do once they get their \$125,000 foot in the door, right?

SENATOR LEWIS: Senator Cavanaugh, I certainly don't know, I don't have the knowledge of higher education that you do.

SENATOR CAVANAUGH: I'm trying to anticipate what SUN intends to do and...

PRESIDENT: Alright, that is enough of that.

SENATOR CAVANAUGH: And, you are too. I'm trying to anticipate that they not use dorms and you are trying to anticipate that they be able too.

PRESIDENT: Senator Lewis, do you have an amendment?

SENATOR LEWIS: Yes I do.

PRESIDENT: And, it is going to be proposed now?

SENATOR LEWIS: It is right here.
